Validity: The issuance of granting of a permit or approval of plans, specifications and computations shall not be construed to be a permit for, or an approval of, any violation of any of the provisions of applicable codes or of any other ordinance of the jurisdiction. No permit presuming to give authority to violate or cancel the provisions of applicable codes shall be valid.

The issuance of a permit based upon plans, specifications and other data shall not prevent the building official from thereafter requiring the correction of errors in said plans, specification and other data, or from preventing building operations being carried on thereunder when in violation of applicable codes or of any other ordinances of this jurisdiction.

Suspension or Revocation: The building official may, in writing suspend or revoke a permit issued under the provisions of applicable codes whenever the permit is issued in error or on the basis of incorrect information supplied or in violation of applicable codes or any other ordinances of this jurisdiction.
