

## Nyack Tree Committee Meeting

### Minutes

August 21, 2018

Attending: Melissa Brey, Ed DePeter, Anna Bristow, Kathleen Johnson, Marcy Denker

#### 1. New trees: Status, removals and replacements

Need to work up a final list of sites.

Several trees still need to be removed: one is a Zelkova on High Ave. Ed will take it out.

A linden on Midland may need to be removed.

Marcy will work up a list of potential options for trees we can order for fall based on the nursery's availability list (sent out 8/21).

#### 2. BROW Outreach

Marcy circulated (8/21) a new flyer pdf for review/posting on FB: **FEEDBACK NEEDED.**

Outreach needed on High Ave, Sickles, and North Broadway for new sites.

Can do an email blast when we're getting ready to plant and put the info on the new village website.

#### 3. BROW legislation

We need a local law to refer to—will need to be passed.

#### 4. Love 'Em and Leave 'Em

October. Marcy already has a lot of the materials. We would do an email blast, bookmarks, poster. Can we create a video to put online? Post statistics of how much money it can save the village (very successful in Westchester).

#### 5. Tree Protection Ordinance

Marcy will revive the discussion with Elijah.

#### Miscellaneous:

We have two grant applications in and are waiting to hear results.
