

Attending: Marcy Denker, Steve Cea, Phil Berg, Kathleen Johnson, Jennifer Pfeiffer

Fall Tree Planting

The tree order is placed. Locations planned for installations are on Sickles, Franklin, 9W & 5th Avenue. Discussed outreach to others for increasing trees from the supplier to help with delivery costs

Nursery

We can look at the tupelo trees at our BOCES nursery in West Nyack to see if they would be good options for the possible 3rd Avenue sites and elsewhere.

Maintenance

November event to be organized for pruning, tree bag removal, etc.(after the tree planting)
Reach out to the list of Nyack Tree Project volunteers.

Route 59 Report

Tree Committee and Sustainability Committee members walked The Gateway area to explore ideas for trees/sidewalk improvements. We would like to coordinate with the Sustainability Committee and Village to prepare a report outlining recommendations for improvement and send a wish list to DOT.

Village Code

Discussion--refreshed on the issues and the concern over the removals. Plans to refresh discussions with the building inspector, planning board.

Ash borer

There are 3 ash trees along the lower portion of Main Street, 2 trees in the park by the Brook, and 1 large ash tree on Hart. J. Pfeiffer will look at the trees and will follow up with the committee on them.

Winter Tree Care Presentation

New folder with materials on Google Drive. Plans to start in earnest in November. Need to line up a date with the library.

Request for trees at vacant sites on 3rd Ave.

Possibly use the black Tupelo trees from West Nyack. Need to assess sites.
